CAREER SUMMARY

I am a designer who enjoys working in various design fields like motion graphics, web design, print and illustration. I've worked in creative studios, but have experience with managing big projects for large companies, and smaller creative clients. I love creating beautiful, functional designs. I am a resourceful problem solver, and I enjoy the challenge of transforming ideas into engaging creative solutions.

SKILLS AND STRENGTHS

- **Adobe Creative suite** – Proficient in Adobe Creative suite (InDesign, Photoshop, Illustrator, After Effects, XD, Premier Pro, Acrobat pro, etc.)
 - **Motion Graphics** – Proficient in Motion Graphics, 2D Animation, and Video editing. Some experience in 3D animation.
 - **Website Design & Development** – Proficient with website development using Elementor. Some experience in Wordpress Bakery, Divi, and familiar with Coding languages.
 - **Microsoft office** – Proficient in Microsoft office, using Word, PowerPoint and Excel to build templates, create presentations, and organise information.
 - **Illustration** – Skilled in Digital and Traditional Illustration.
 - **Critical thinking** – Effective at problem solving, analysing information, and creative ideation.
 - **Time management & Multi-tasking** – Met deadlines on overlapping projects in fast-paced environment; used project management apps like Milanote and Trello to keep organised.
 - **Collaboration** – Ability to work in a team & communicate effectively.
 - **Inquisitive** – Curious & Eager to learn and grow.
-

PROFESSIONAL ACCOMPLISHMENTS

- Promoted to Mid-level designer after 2 years experience.
 - Volunteered to do a video project instead of having the company outsource the work, saving the budget for the project and leading to more video projects being brought in and produced in-house.
 - Led training for Other designers to improve Adobe Creative suite proficiency.
-
